

FOR TODDLERS

ANIMAL GAME

ANIMAL GAME

Objective

The animal game stimulates the children's kinaesthetic sense and basic motor skills are practised.

Equipment

No equipment required.

Instructions

1. The children imitate the movements of different animals.

Tips

- One idea is to make a circus with stop points where the children shall be specific animals at each point.
- For instance, the children could be dogs jumping through rings, galloping horses, climbing monkeys, crawling crocodiles or jumping frogs.
