

FOR TODDLERS

PLAY WITH LARGE BOXES

PLAY WITH LARGE BOXES

Objective

In Play with Large Boxes, the children practise basic motor skills, spatial orientation and cooperation skills. The activity stimulates the tactile and kinaesthetic senses.

Equipment

Large boxes

Instructions

1. Let the children examine large boxes.

Variation

- The children can climb in and out of the boxes.
- Multiple children can get inside one box.
- The children can play hide and seek with the boxes.
- The children can crawl, walk or run around the boxes.
- The children can build with the boxes.
- Vary by having few and many boxes in the room or outdoor space at the same time.
