

FOR TODDLERS

TREASURE HUNT

TREASURE HUNT

Objective

In a treasure hunt, the children practise basic motor skills and spatial orientation, and colours as well. The activity stimulates the tactile and kinaesthetic senses.

Equipment

Duplo bricks in different colours

Instructions

1. Place eight to ten Duplo bricks in a small area, preferably in the play area outside or a small area in nature.
2. The children find the bricks by crawling or walking.

Variation

- The children can run or jump to find the bricks.
